

UPLB DATA SCIENCE GUILD

University of the Philippines Los Banos
College, Laguna 4031

I. Event Details

Event Title: UPSkill

Theme: Companies You Know, Data You Can Use: Beginner DS with Real PSE Names

Nature of Event: Educational and Informative

Date & Time: September 17, 2026 | AM 9:30-12:35 | PM 2:30-6:00

Type of Activity: External Workshop (Applicants Workshop)

Venue: 1st Option: [TBD onsite] | 2nd Option: Zoom

II. Event Team

Event Head: Galvin M. Gonzales

Speaker (AM & PM): Galvin M. Gonzales

EIC: [TBD]

Program & Technical Committee: [TBD] - owns logistics / floater support

Hosts: [TBD] - MC / transitions (not the speaker)

Documentation & Communications: [TBD]

III. Objectives

1. Encourage absolute beginners to explore data science using Philippine companies they already recognize (SM, Jollibee, BDO, Globe, Meralco, ...).
2. Preview Guild workshops via a simple pipeline: clean a table -> ask a question -> filter an answer (no prior coding required).
3. Hands-on with an offline real-world snapshot: spreadsheet hygiene (AM) and a guided Google Colab mini-screen (PM).

IV. Dual-role / Committee Task

Because the Event Head is also the speaker, PTC + Hosts fully own logistics and MCing. During the event the speaker only teaches and answers content Qs.

Program & Technical Committee

Pre: tech, hosts, venue/Zoom, script, forms, Colab access check, floater. During: tech, attendance, catch raised hands/chat. Post: tear-down.

Documentation & Communications

Pre: speaker credentials, PPT packaging, certificates. During: evaluation / documentation. Post: financial report, archive.
